

HLX BULKHEAD ZONES 1 2 21 22

PRODUCT INFORMATION

The HLX LED Bulkhead is a compact, versatile, and robust light ideal for safely illuminating walkways, steps and entrances within hazardous areas. ATEX, IECEx and UKCA certified for safe use in Zones 1/21, all models in the range feature Wolf's unique, patented Directional Linear Optics (DLO) technology, which means the beam can be directed exactly where needed, with no light overspill or wasted light, and there's low glare - even when installed at eye level.

DLD for market leading low glare performance Toughened glass for additional protection Compact and low profile marine grade aluminium housing IP67 for indoor or outdoor use Supplied with fitting brackets, additional fixings available as accessories

FEATURES & BENEFITS

LIGHT OUTPUT

Directional Linear Optics (DLO) technology ensures low glare, even when installed at eye level

Available with a 90° beam angle as standard (110° also available upon request)

Different versions offer a range of light output from 1,086 to 1,629 lumens

CERTIFICATIONS/SPECIFICATIONS

ATEX, IECEx and UKCA certified for gas Zone 1 and Dust Zone 21 Versons with extremely wide operating temperatures available -50°C to +65°C make the LBX Bulkhead suitable for even the most inhospitable of regions

An IP67 rating means the LBX Bulkhead is suitable for both indoor and outdoor use

FEATURES

Simple design ensures quick and easy installation and maintenance Four gland apertures (2x each end) to support through wiring arrangements

Available as 110V and 230V versions

Robust and durable, cast aluminium body with toughened glass ensure long life and resistance to damage

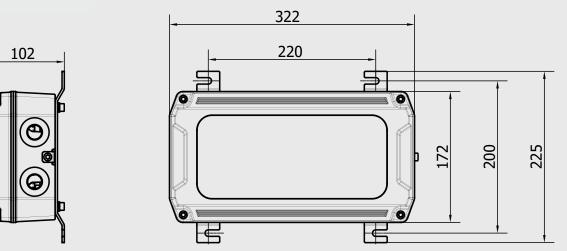

Ultra long life LEDs - configured to give 100,000+ hours life 5 year warranty

IES files available upon request
